

# This month we love...

Take a look at some of our favourite horsey products

## SADDLE UP

Designed to fit horses with large shoulders and short backs, the **Smart Traditional saddle** from Solution Saddles is multi-discipline and highly adjustable, featuring FlexTech technology to promote horse and rider comfort.

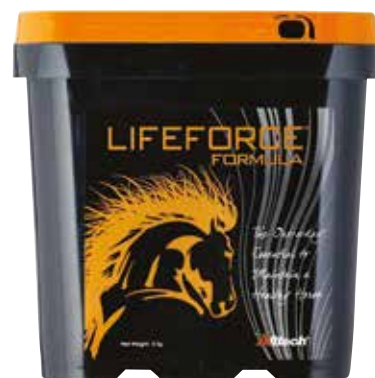

**£2,450**  
[solutionsaddles.com](http://solutionsaddles.com)

## FORCE OF NATURE

**Lifeforce Formula** from Alltech is a supplement designed for breeding horses or those in moderate work to help support their immune system.

**£90 for 5kg**  
[lifeforcehorse.co.uk](http://lifeforcehorse.co.uk)

## HAY PRESTO

Designed to imitate natural grazing behaviour, the **Haygain forage slow feeder** helps reduce the pace at which your horse eats and prevents forage being mixed into bedding.

**£249**  
[haygain.com](http://haygain.com)

## POT OF GOLD

**Turmeric Sport capsules** from the Golden Paste Company are designed to assist your body's performance by helping support muscle function and electrolyte balance.

**£12.99 for 90 capsules**  
[goldenpaste.com](http://goldenpaste.com)

## TRIED & TESTED

## MICROPERFORMANCE+ LITE CONTACT GLOVES

**FEATURES** The anti-slip pattern provides grip while the gloves' fingertip pads allow you to use your smartphone without taking them off

**SIZES** XS-L **RRP** £30 **VISIT** [microperformance.net](http://microperformance.net)

"These gloves fitted my hands perfectly even after several washes and didn't lose their shape with daily wear. The grip was really effective, as were the touch screen-compatible fingertips. I also liked the fact they had a bit of colour on them, but still looked very smart."

*A great-fitting pair of gloves for riders who need speedy access to their phone.*
